Enrollment conditions

The right to enroll in the university's integrated undergraduate and graduate study in Dental Medicine in English is granted to persons who have passed the entrance exam and passed the state matriculation examination and psychomotor ability test in addition to fulfilling other prerequisites for enrollment. It is necessary to send the completed application form and proof of payment of the 200 E application fee to dme@sfzg.hr.

Prerequisites for enrollment

- certificate from the competent school doctor about the health and psychophysical abilities to study Dental Medicine
- signed declaration of psychophysical ability to exercise the title of doctor of dental medicine
- proof of knowledge of the English language (level B2 or C1)

Paid place reservation – The candidates who successfully pass the test of knowledge in biology, physics and chemistry and deliver all required documents will be offered a place for which a non-refundable amount of EUR 1000 (reservation) is to be paid. Proof of payment should be sent to: dme@sfzg.hr. If the payment of the reservation amount is not done timely, the candidate's place will be offered to the next ranking applicant.

Enrollment conditions

The ranking list of registered candidates for admission to the study program is compiled according to the following scoring system:

a) Written exam in Biology, Chemistry and Physics (120 questions in total, **the threshold is 40% of the written exam**)

b) Based on the verification of special abilities

- Psychomotor test conducted by the School of Dental Medicine up to 100 points

The threshold for the psychomotor test is 15 points

c) Success in high school, as well as success in the state matriculation exam (level B) are not taken into account when compiling the candidate ranking list

Applications are made through the state graduation system for Dental Medicine **until 2.6. 2025.**

Delivery of additional documentation and applications for verification of special abilities are submitted electronically: send all scanned documents to dme@sfzg.hr **from 12.5. to 2.6. 2025.**

Entrance exams will be held on 26.4.2025 and 28.6.2025 in Zagreb.

Additional documentation to be submitted:

a. [certificate from the competent school doctor on health and psychophysical abilities for the study of Dental Medicine](#)

Applicants who have completed high school or have previously studied in the Republic of Croatia, must undergo an examination for the issuance of a Certificate of Psychophysical Abilities for the study of Dental Medicine at the competent school doctors (for high school or faculty).

Applicants can find information on the examination and issuance of certificates for enrollment in a higher education institution on the websites of the county public health institutes (School and adolescent medicine service).

b. Statement of psychophysical abilities

c. Application for testing special abilities

d. Confirmation of payment (with the completed application, proof of payment of the costs of testing special abilities in the amount of 40.00 € must be attached, which is paid to IBAN HR7423600001101235285 University of Zagreb School of Dental Medicine with the indication "for psychomotor ability test").

Applicants coming from countries where there is no school and adolescent medicine service (e.g. Bosnia and Herzegovina) must have the examination for issuing the Certificate of Health and Psychophysical Abilities for the study of dental medicine performed at the nearest school and adolescent medicine outpatient clinic at the public health institutes in the Republic of Croatia or at the outpatient clinic of the Center for Health Services of the Faculty of Medicine of the University of Zagreb.

Orders for an examination appointment at the Center for Health Services of the School of Medicine of the University of Zagreb with Assoc. Prof. Marjeta Majer, MD, specialist in school and adolescent medicine, are accepted by e-mail: mmajer@snz.hr. When ordering an examination at the Center, it is necessary to attach a scan of the following documents:

1. Questionnaire for issuing a Certificate of Health and Psychophysical Abilities from the Competent School Physician for the 2025-26 study period
2. Certificate from a general practitioner/family medicine or pediatrician (not related to the applicant) on health status and previous illnesses
3. Certificate of vaccinations in preschool and school age (with the specified vaccines and date of receipt)
4. Medical documentation in their possession for previously identified illnesses and health disorders with recent findings.

Only candidates who have applied in time in the specified manner and sent all additional documentation in accordance with the instructions above, have the right to access the psychomotor ability test.

After receiving and processing your application, candidates will be sent a password to the e-mail address provided in the "Postani student" system. Remember your password, because without it you cannot access the psychomotor ability test).

Detailed information about the psychomotor skills test (c) is published on the website of the School of Dental Medicine (www.sfzg.unizg.hr).

The psychomotor ability test (c) will be conducted on **30.6. 2025 at the Faculty of Humanities and Social Sciences** (Ivana Lučića 3., 10000 Zagreb) according to the schedule that will be published in the "Postani student" system under Notifications.

You will be able to see the results of the psychomotor skills test in the "Postani student" system in the points structure from **2.7. 2025.**

Appeals for additional knowledge testing - Psychomotor ability test and requests for access to documentation must be submitted in a written form on 3.7. 2025, from 10 am till noon at the Secretariat of the School of Dental Medicine at Petrinjska 34.

Documentation will be accessed on **4.7. 2025.** exclusively for applicants who requested it within the stipulated deadline and in the prescribed manner at the Secretariat of the School of Dental Medicine, Petrinjska 34, room 12.

A candidate who has not completed two years of Latin language classes must pass that language before enrolling in the second year of study.
